

# Detection Technologies Named As One of Canada's Fastest Growing Companies

JUNE 6, 2006  
Calgary, Alberta

Detection Technologies announced today that it has been recognized by *PROFIT: Your Guide to Business Success*, as one of the fastest growing companies in Canada based on revenue growth over a five year period. Detection has realized a 919% increase in revenue over this period and has placed 70<sup>th</sup> in the 18<sup>th</sup> annual PROFIT 100 ranking of Canada's Fastest-Growing Companies.

Ranking Canada's Fastest-Growing Companies by five-year growth, the PROFIT 100 profiles the country's most successful growth companies. Published in the June issue of PROFIT and online at [PROFITguide.com](http://PROFITguide.com), the PROFIT 100 is Canada's largest annual celebration of entrepreneurial achievement.

Detection's mission in the natural gas industry is to be the provider of the world's best technology and delivery platform for optimizing and managing a compressor fleet. "It is a great honor for our company to be recognized in this forum", states Alan Taylor, Detection's Founder, President and CEO. "We have developed a remarkable product in Enalysis with customer service as our key driver. As well, we've created a strong company culture that promotes ingenuity, teamwork and success, all of which is passed on to the benefit of our clients. The result of all of this is evident in the success of our clients and the tremendous growth of the Detection organization."

"The PROFIT 100 are role models for anyone who wants to seize today's best business opportunities", says Ian Portsmouth, editor of PROFIT. "By differentiating their products and applying creative management thinking, Canada's Fastest-Growing Companies are outpacing the competition at home and abroad"
